SUMMARY

Associate Software Engineer at Accenture with hands-on experience in full-stack development using React.js, Node.js, and SQL. Skilled in building scalable web applications, implementing secure integrations, and optimizing user experiences. Experienced in Agile environments with a focus on clean architecture, performance enhancement, and reliable backend services.

WORK EXPERIENCE

Accenture Solutions Pvt. Ltd. – Associate Software Engineer   Oct 2024 – Present

- Worked on Aloha POS, a restaurant management and billing platform.
- Enhanced modules for order management, inventory control, and billing automation.
- Collaborated in an Agile environment, ensuring timely delivery and high code quality.
- Optimized backend logic and API integrations, improving system performance and reliability.
- Tech Stack: React.js, Node.js, Express.js, SQL, RESTful APIs, Git, Jira.

Eweblink Technologies LLP – MERN Stack Developer Intern   Jan 2024 – Oct 2024

- Gained hands-on experience in full-stack web development using the MERN stack, focusing on scalable, secure application architecture.
- Implemented authentication systems, API integrations, and payment gateways, boosting product functionality and user experience.
- Worked in an Agile development environment, contributing to both frontend UI/UX and backend logic via modern JavaScript frameworks.
- Developed reusable components and optimized server-side operations, enhancing performance, maintainability, and responsiveness.

PROJECTS

FTTunes.com — React.js, Node.js, Express.js, SQL, Redux, JWT

- Developed a full-stack music distribution platform for artists and labels to upload, manage, and dis- tribute tracks.
- Implemented role-based dashboards, JWT authentication, and email verification automation.
- Added payment gateway, automated subscription receipts, and cron jobs for user notifications.
- Improved backend performance and designed interactive music catalog dashboards.

FlyAbasin.com — React.js, API Integration, Bootstrap

- Created a travel booking platform offering real-time flight search, comparison, and booking.
- Integrated multiple flight APIs for seamless booking and secure payment processing.
- Designed a responsive user interface to enhance customer experience.

EDUCATION

2020 - 2024	BTech in Computer Engineering at J.C BOSE UNIVERSITY OF SCIENCE AND TECHNOLOGY, YMCA	(GPA: 8.68/10)
2020	Class 12th CBSE Board	(96.30)

SKILLS

Languages	C/C++, JavaScript, SQL, HTML, CSS Frameworks
	React.js, Node.js, Express.js
Developer Tools	Git, VS Code, Jira
Key Expertise	DSA, REST APIs, Full-Stack Development, UI/UX Design, Soft Skills,
	Problem Solving, Time Management, Team Collaboration
